Inquiry, Exploration & Service Learning in the Sagebrush Ecosystem

Teacher's Guide Grades 4-12

Join Rick Reynolds, veteran educator and author of *Inquiry, Exploration, and Service Learning in the Sagebrush Ecosystem* and Heidi Paullus from InterMountain ESD as we explore a variety of resources from the U.S. Fish and Wildlife Service (USFWS), Audubon, BLM, and other partners. Earn PDUs while exploring hands-on STEAM activities in beautiful Pendleton, OR. Help us inspire students to think critically about sagebrush ecosystems and ways to protect them and their fascinating diverse species!

Schedule

- Introduction to the sagebrush ecosystem and trunks with hands-on materials
- Overview of lesson plans aligned to the Next Generation Science Standards + Common Core State Standards
- Hands-on activities, including some outside in the ecosystem
- Lunch—can be enjoyed outside, too!
- More lessons + hands-on activities

FREE Resources

- Teacher's Guide adaptable for grades K-12 with reproducible handouts
- Hands-on trunks with skulls and much more
- Posters
- Videos, multimedia presentations, and more!

Held in Beautiful Pendleton InterMountain ESD

2001 SW Nye Ave., Pendleton, OR

Date/Time

Thurs., July 12, 2018, 10:30 - 2:30

PDUs Provided + Free to All!

Formal and non-formal educators, as well as potential partners
