

# 2025 Impact Report At-A-Glance

## GO STEM by the Numbers

- 7 counties | 41 districts | 107 schools
- 38,244 square miles served
- 233 STEM events delivered
- 26,000+ students reached
- 7,800+ adults engaged

## Program Highlights

- Mobile Maker Lab visited nearly every school in multiple counties
- 15 attendees, 100% educator satisfaction in Externship Program
- 1,500+ educators supported statewide through Mathways
- 2,100 fourth-grade STEM kits distributed in 2025, 10,800 since 2022!
- 1,276 students engaged in community science and stewardship

## What Makes GO STEM Different

- Mobile, hands-on delivery model
- Place-based learning tied to local careers
- Strong school, industry, Tribal, and community partnerships
- Equity-driven design for rural and remote communities
